This compilation includes all laws enacted by the 109<sup>th</sup> Congress (2005-2006) that affect the National Park Service. We have included both park bills passed individually, as well as any legislation concerning national parks that was included in appropriations bills. In each case, we have noted in the index the specific section of the act where the language can be found.

The text used for each public law is the same version as is found in the *United States Statutes at Large*. A line of stars in the text denotes omitted, extraneous material.

In addition to the public laws, this compilation includes copies of any presidential proclamations and executive orders that affect the National Park Service.

We appreciate the assistance of LaTonya Ward in compiling these laws. If you have any questions, please feel free to contact us.

“(a) **ALTERNATIVE CONDITIONS.**—(1) Whenever any person applies for a license for any project works within any reservation of the United States, and the Secretary of the department under whose supervision such reservation falls (referred to in this subsection as the ‘Secretary’) deems a condition to such license to be necessary under the first proviso of section 4(e), the license applicant or any other party to the license proceeding may propose an alternative condition.

“(2) Notwithstanding the first proviso of section 4(e), the Secretary shall accept the proposed alternative condition referred to in paragraph (1), and the Commission shall include in the license such alternative condition, if the Secretary determines, based on substantial evidence provided by the license applicant, any other party to the proceeding, or otherwise available to the Secretary, that such alternative condition—

“(A) provides for the adequate protection and utilization of the reservation; and

“(B) will either, as compared to the condition initially by the Secretary—

“(i) cost significantly less to implement; or

“(ii) result in improved operation of the project works for electricity production.

“(3) In making a determination under paragraph (2), the Secretary shall consider evidence provided for the record by any party to a licensing proceeding, or otherwise available to the Secretary, including any evidence provided by the Commission, on the implementation costs or operational impacts for electricity production of a proposed alternative.

“(4) The Secretary concerned shall submit into the public record of the Commission proceeding with any condition under section 4(e) or alternative condition it accepts under this section, a written statement explaining the basis for such condition, and reason for not accepting any alternative condition under this section. The written statement must demonstrate that the Secretary gave equal consideration to the effects of the condition adopted and alternatives not accepted on energy supply, distribution, cost, and use; flood control; navigation; water supply; and air quality (in addition to the preservation of other aspects of environmental quality); based on such information as may be available to the Secretary, including information voluntarily provided in a timely manner by the applicant and others. The Secretary may accept the Dispute Resolution Service advisory unless the Secretary finds that the recommendation will not adequately protect the reservation. The Secretary shall submit the advisory and the Secretary's final written determination into the record of the Commission's proceeding.

"(b) ALTERNATIVE PRESCRIPTIONS.—(1) Whenever the Secretary of the Interior or the Secretary of Commerce prescribes a fishway under section 18, the license applicant or any other party to the license proceeding may propose an alternative to such prescription to construct, maintain, or operate a fishway.

"(2) Notwithstanding section 18, the Secretary of the Interior or the Secretary of Commerce, as appropriate, shall accept and prescribe, and the Commission shall require, the proposed alternative referred to in paragraph (1), if the Secretary of the appropriate department determines, based on substantial evidence provided by the license applicant, any other party to the proceeding, or otherwise available to the Secretary, that such alternative—

"(A) will be no less protective than the fishway initially prescribed by the Secretary; and

"(B) will either, as compared to the fishway initially prescribed by the Secretary—

"(i) cost significantly less to implement; or

"(ii) result in improved operation of the project works for electricity production.

(1) Pursuant to Public Law 87-712 (16 U.S.C. 459d et seq.; popularly known as the “Federal Enabling Act”) and various deeds and actions under that Act, the United States is the owner of only the surface estate of certain lands constituting the Padre Island National Seashore.

(2) Ownership of the oil, gas, and other minerals in the subsurface estate of the lands constituting the Padre Island National Seashore was never acquired by the United States, and ownership of those interests is held by the State of Texas and private parties.

(3) Public Law 87-712 (16 U.S.C. 459d et seq.)—

(A) expressly contemplated that the United States would recognize the ownership and future development of the oil, gas, and other minerals in the subsurface estate of the lands constituting the Padre Island National Seashore by the owners and their mineral lessees; and

(B) recognized that approval of the State of Texas was required to create Padre Island National Seashore.

(4) Approval was given for the creation of Padre Island National Seashore by the State of Texas through Tex. Rev. Civ. Stat. Ann. Art. 6077(t) (Vernon 1970), which expressly recognized that development of the oil, gas, and other minerals in the subsurface of the lands constituting Padre Island National Seashore would be conducted with full rights of ingress and egress under the laws of the State of Texas.

(b) **SENSE OF CONGRESS.**—It is the sense of Congress that with regard to Federal law, any regulation of the development of oil, gas, or other minerals in the subsurface of the lands constituting Padre Island National Seashore should be made as if those lands retained the status that the lands had on September 27, 1962.

(a) IN GENERAL.—Part II of the Federal Power Act (16 U.S.C. 824 et seq.) is amended by adding at the end the following:

16 USC 824p.

“SEC. 216. SITING OF INTERSTATE ELECTRIC TRANSMISSION FACILITIES.

Deadlines.

“(a) DESIGNATION OF NATIONAL INTEREST ELECTRIC TRANSMISSION CORRIDORS.—(1) Not later than 1 year after the date of enactment of this section and every 3 years thereafter, the Secretary of Energy (referred to in this section as the ‘Secretary’), in consultation with affected States, shall conduct a study of electric transmission congestion.

Reports.

“(2) After considering alternatives and recommendations from interested parties (including an opportunity for comment from affected States), the Secretary shall issue a report, based on the study, which may designate any geographic area experiencing electric energy transmission capacity constraints or congestion that adversely affects consumers as a national interest electric transmission corridor.

“(3) The Secretary shall conduct the study and issue the report in consultation with any appropriate regional entity referred to in section 215.

“(4) In determining whether to designate a national interest electric transmission corridor under paragraph (2), the Secretary may consider whether—

“(A) the economic vitality and development of the corridor, or the end markets served by the corridor, may be constrained by lack of adequate or reasonably priced electricity;

“(B)(i) economic growth in the corridor, or the end markets served by the corridor, may be jeopardized by reliance on limited sources of energy; and

“(ii) a diversification of supply is warranted;

“(C) the energy independence of the United States would be served by the designation;

“(D) the designation would be in the interest of national energy policy; and

“(E) the designation would enhance national defense and homeland security.

“(b) CONSTRUCTION PERMIT.—Except as provided in subsection (i), the Commission may, after notice and an opportunity for hearing, issue one or more permits for the construction or modification of electric transmission facilities in a national interest electric transmission corridor designated by the Secretary under subsection (a) if the Commission finds that—

“(1)(A) a State in which the transmission facilities are to be constructed or modified does not have authority to—

“(i) approve the siting of the facilities; or

“(ii) consider the interstate benefits expected to be achieved by the proposed construction or modification of transmission facilities in the State;

“(B) the applicant for a permit is a transmitting utility under this Act but does not qualify to apply for a permit or siting approval for the proposed project in a State because the applicant does not serve end-use customers in the State; or

“(C) a State commission or other entity that has authority to approve the siting of the facilities has—

“(i) withheld approval for more than 1 year after the filing of an application seeking approval pursuant to applicable law or 1 year after the designation of the relevant national interest electric transmission corridor, whichever is later; or

“(ii) conditioned its approval in such a manner that the proposed construction or modification will not significantly reduce transmission congestion in interstate commerce or is not economically feasible;

“(2) the facilities to be authorized by the permit will be used for the transmission of electric energy in interstate commerce;

“(3) the proposed construction or modification is consistent with the public interest;

“(4) the proposed construction or modification will significantly reduce transmission congestion in interstate commerce and protects or benefits consumers;

“(5) the proposed construction or modification is consistent with sound national energy policy and will enhance energy independence; and

“(6) the proposed modification will maximize, to the extent reasonable and economical, the transmission capabilities of existing towers or structures.

“(c) PERMIT APPLICATIONS.—(1) Permit applications under subsection (b) shall be made in writing to the Commission.

## Regulations.

“(2) The Commission shall issue rules specifying—

“(A) the form of the application;

“(B) the information to be contained in the application;

and

“(C) the manner of service of notice of the permit application on interested persons.

“(e) RIGHTS-OF-WAY.—(1) In the case of a permit under subsection (b) for electric transmission facilities to be located on property other than property owned by the United States or a State, if the permit holder cannot acquire by contract, or is unable to agree with the owner of the property to the compensation to be paid for, the necessary right-of-way to construct or modify the transmission facilities, the permit holder may acquire the right-of-way by the exercise of the right of eminent domain in the district court of the United States for the district in which the property concerned is located, or in the appropriate court of the State in which the property is located.

“(2) Any right-of-way acquired under paragraph (1) shall be used exclusively for the construction or modification of electric transmission facilities within a reasonable period of time after the acquisition.

“(3) The practice and procedure in any action or proceeding under this subsection in the district court of the United States shall conform as nearly as practicable to the practice and procedure in a similar action or proceeding in the courts of the State in which the property is located.

“(4) Nothing in this subsection shall be construed to authorize the use of eminent domain to acquire a right-of-way for any purpose other than the construction, modification, operation, or maintenance of electric transmission facilities and related facilities. The right-of-way cannot be used for any other purpose, and the right-of-way shall terminate upon the termination of the use for which the right-of-way was acquired.

“(f) COMPENSATION.—(1) Any right-of-way acquired pursuant to subsection (e) shall be considered a taking of private property for which just compensation is due.

“(2) Just compensation shall be an amount equal to the fair market value (including applicable severance damages) of the property taken on the date of the exercise of eminent domain authority.

(1) in subsection (a), by striking “conversion, rehabilitation, extension, or improvement” and inserting “or extension”; and

Mississippi. → **SEC. 2872. TRANSFER OF EXCESS DEPARTMENT OF DEFENSE PROPERTY ON SANTA ROSA AND OKALOOSA ISLAND, FLORIDA, TO GULF ISLANDS NATIONAL SEASHORE.**

16 USC 459h-6  
note.

(a) **FINDINGS.**—Congress finds the following:

(1) Public Law 91-660 of the 91st Congress established the Gulf Islands National Seashore in the States of Florida and Mississippi.

(2) The original boundaries of the Gulf Islands National Seashore encompassed certain Federal land used by the Air Force and the Navy, and the use of such land was still required by the Armed Forces when the seashore was established.

(3) Senate Report 91-1514 of the 91st Congress addressed the relationship between these military lands and the Gulf Islands National Seashore as follows: “While the military use of these lands is presently required, they remain virtually free of adverse development and they are included in the boundaries of the seashore so that they can be wholly or partially transferred to the Department of the Interior when they become excess to the needs of the Air Force.”

(4) Although section 2(a) of Public Law 91-660 (16 U.S.C. 459h-1(a)) authorized the eventual transfer of Federal land within the boundaries of the Gulf Islands National Seashore from the Department of Defense to the Secretary of the Interior, an amendment mandating the transfer of excess Department of Defense land on Santa Rosa and Okaloosa Island, Florida, to the Secretary of the Interior is required to ensure that the purposes of the Gulf Islands National Seashore are fulfilled.

(b) TRANSFER REQUIRED.—Section 7 of Public Law 91-660 (16 U.S.C. 459h-6) is amended—

(1) by inserting “(a)” before “There are”; and

(2) by adding at the end the following new subsection:

“(b) If any of the Federal land on Santa Rosa or Okaloosa Island, Florida, under the jurisdiction of the Department of Defense is ever excess to the needs of the Armed Forces, the Secretary of Defense shall transfer the excess land to the administrative jurisdiction of the Secretary of the Interior, subject to the terms and conditions acceptable to the Secretary of the Interior and the Secretary of Defense. The Secretary of the Interior shall administer the transferred land as part of the seashore in accordance with the provisions of this Act.”.

**SEC. 2873. AUTHORIZED MILITARY USES OF PAPAGO PARK MILITARY RESERVATION, PHOENIX, ARIZONA.**

The Act of April 7, 1930 (Chapter 107; 46 Stat. 142), is amended in the first designated paragraph, relating to the Papago Park Military Reservation, by striking “as a rifle range”.

16 USC 431 note.

**SEC. 2874. ASSESSMENT OF WATER NEEDS FOR PRESIDIO OF MONTEREY AND ORD MILITARY COMMUNITY.**

Not later than April 7, 2006, the Secretary of Defense shall submit to Congress an interim assessment of the current and reasonable future needs of the Department of the Defense for water for the Presidio of Monterey and the Ord Military Community.

**SEC. 2875. REDESIGNATION OF MCENTIRE AIR NATIONAL GUARD STATION, SOUTH CAROLINA, AS MCENTIRE JOINT NATIONAL GUARD BASE.**

Any reference to McEntire Air National Guard Station in any law, regulation, map, document, record, or other paper of the United States shall be considered to be a reference to McEntire Joint National Guard Base.

**SEC. 2876. SENSE OF CONGRESS REGARDING COMMUNITY IMPACT ASSISTANCE RELATED TO CONSTRUCTION OF NAVY LANDING FIELD, NORTH CAROLINA.**

It is the sense of Congress that—

(1) the planned construction of an outlying landing field in North Carolina is vital to the national security interests of the United States; and

(2) the Department of Defense should work with other Federal agencies to provide community impact assistance to those communities directly impacted by the location of the outlying landing field, including, to the extent appropriate—

An Act

[H.R. 5683]

To preserve the Mt. Soledad Veterans Memorial in San Diego, California, by providing for the immediate acquisition of the memorial by the United States.

16 USC 431 note.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

**SECTION 1. FINDINGS.**

Congress makes the following findings:

(1) The Mt. Soledad Veterans Memorial has proudly stood overlooking San Diego, California, for over 52 years as a tribute to the members of the United States Armed Forces who sacrificed their lives in the defense of the United States.

(2) The Mt. Soledad Veterans Memorial was dedicated on April 18, 1954, as “a lasting memorial to the dead of the First and Second World Wars and the Korean conflict” and now serves as a memorial to American veterans of all wars, including the War on Terrorism.

(3) The United States has a long history and tradition of memorializing members of the Armed Forces who die in battle with a cross or other religious emblem of their faith, and a memorial cross is fully integrated as the centerpiece of the multi-faceted Mt. Soledad Veterans Memorial that is replete with secular symbols.

(4) The patriotic and inspirational symbolism of the Mt. Soledad Veterans Memorial provides solace to the families and comrades of the veterans it memorializes.

(5) The Mt. Soledad Veterans Memorial has been recognized by Congress as a National Veterans Memorial and is considered a historically significant national memorial.

(6) 76 percent of the voters of San Diego supported donating the Mt. Soledad Memorial to the Federal Government only to have a superior court judge of the State of California invalidate that election.

(7) The City of San Diego has diligently pursued every possible legal recourse in order to preserve the Mt. Soledad Veterans Memorial in its entirety for persons who have served in the Armed Forces and those persons who will serve and sacrifice in the future.

**SEC. 2. ACQUISITION OF MT. SOLEDAD VETERANS MEMORIAL, SAN DIEGO, CALIFORNIA.**

(a) **ACQUISITION.**—To effectuate the purpose of section 116 of division E of Public Law 108-447 (118 Stat. 3346; 16 U.S.C. 431 note), which, in order to preserve a historically significant war memorial, designated the Mt. Soledad Veterans Memorial in San

Diego, California, as a national memorial honoring veterans of the United States Armed Forces, there is hereby vested in the United States all right, title, and interest in and to, and the right to immediate possession of, the Mt. Soledad Veterans Memorial in San Diego, California, as more fully described in subsection (d).

(b) **COMPENSATION.**—The United States shall pay just compensation to any owner of the property for the property taken pursuant to this section, and the full faith and credit of the United States is hereby pledged to the payment of any judgment entered against the United States with respect to the taking of the property. Payment shall be in the amount of the agreed negotiated value of the property or the valuation of the property awarded by judgment and shall be made from the permanent judgment appropriation established pursuant to section 1304 of title 31, United States Code. If the parties do not reach a negotiated settlement within one year after the date of the enactment of this Act, the Secretary of Defense may initiate a proceeding in a court of competent jurisdiction to determine the just compensation with respect to the taking of such property.

(c) **MAINTENANCE.**—Upon acquisition of the Mt. Soledad Veterans Memorial by the United States, the Secretary of Defense shall manage the property and shall enter into a memorandum of understanding with the Mt. Soledad Memorial Association for the continued maintenance of the Mt. Soledad Veterans Memorial by the Association.

Memorandum.

(d) **LEGAL DESCRIPTION.**—The Mt. Soledad Veterans Memorial referred to in this section is all that portion of Pueblo lot 1265 of the Pueblo Lands of San Diego in the City and County of San Diego, California, according to the map thereof prepared by James Pascoe in 1879, a copy of which was filed in the office of the County Recorder of San Diego County on November 14, 1921, and is known as miscellaneous map No. 36, more particularly described as follows: The area bounded by the back of the existing inner sidewalk on top of Mt. Soledad, being also a circle with radius of 84 feet, the center of which circle is located as follows: Beginning at the Southwesterly corner of such Pueblo Lot 1265, such corner being South 17 degrees 14'33" East (Record South 17 degrees 14'09" East) 607.21 feet distant along the westerly line of such Pueblo lot 1265 from the intersection with the North line of La Jolla Scenic Drive South as described and dedicated as parcel 2 of City Council Resolution No. 216644 adopted August 25, 1976; thence North 39 degrees 59'24" East 1147.62 feet to the center of such circle. The exact boundaries and legal description of the Mt. Soledad Veterans Memorial shall be determined by survey prepared by the Secretary of Defense. Upon acquisition

New Jersey.  
16 USC 461 note.

**SEC. 297A. FINDINGS AND PURPOSES.****(a) FINDINGS.—Congress finds that—**

(1) the State of New Jersey was critically important during the American Revolution because of the strategic location of the State between the British armies headquartered in New York City, New York, and the Continental Congress in the city of Philadelphia, Pennsylvania;

(2) General George Washington spent almost half of the period of the American Revolution personally commanding troops of the Continental Army in the State of New Jersey, including 2 severe winters spent in encampments in the area that is now Morristown National Historical Park, a unit of the National Park System;

(4) Thomas Paine, who accompanied the troops during the retreat, described the events during those days as “the times that try men’s souls”;

(5) the sites of 296 military engagements are located in the State of New Jersey, including—

(A) several important battles of the American Revolution that were significant to—

(A) retain the integrity of the period of the American Revolution; and

(B) offer outstanding opportunities for conservation, education, and recreation;

(8) the National Register of Historic Places lists 251 buildings and sites in the National Park Service study area for the Crossroads of the American Revolution that are associated with the period of the American Revolution;

(9) civilian populations residing in the State of New Jersey during the American Revolution suffered extreme hardships because of—

(A) the continuous conflict in the State;

(B) foraging armies; and

(C) marauding contingents of loyalist Tories and rebel sympathizers;

(10) because of the important role that the State of New Jersey played in the successful outcome of the American Revolution, there is a Federal interest in developing a regional framework to assist the State of New Jersey, local governments and organizations, and private citizens in—

(A) preserving and protecting cultural, historic, and natural resources of the period; and

(B) bringing recognition to those resources for the educational and recreational benefit of the present and future generations of citizens of the United States; and

## **TITLE III—NATIONAL HERITAGE AREA STUDIES**

### **Subtitle A—Western Reserve Heritage Area Study**

Western Reserve  
Heritage Areas  
Study Act.  
Ohio.

#### **SEC. 301. SHORT TITLE.**

This subtitle may be cited as the “Western Reserve Heritage Areas Study Act”.

#### **SEC. 302. NATIONAL PARK SERVICE STUDY REGARDING THE WESTERN RESERVE, OHIO.**

(a) FINDINGS.—The Congress finds the following:

(1) The area that encompasses the modern-day counties of Trumbull, Mahoning, Ashtabula, Portage, Geauga, Lake, Cuyahoga, Summit, Medina, Huron, Lorain, Erie, Ottawa, and Ashland in Ohio with the rich history in what was once the Western Reserve, has made a unique contribution to the cultural, political, and industrial development of the United States.

(2) The Western Reserve is distinctive as the land settled by the people of Connecticut after the Revolutionary War. The Western Reserve holds a unique mark as the original wilderness land of the West that many settlers migrated to in order to begin life outside of the original 13 colonies.

(3) The Western Reserve played a significant role in providing land to the people of Connecticut whose property and land was destroyed during the Revolution. These settlers were descendants of the brave immigrants who came to the Americas in the 17th century.

(4) The Western Reserve offered a new destination for those who moved west in search of land and prosperity. The agricultural and industrial base that began in the Western Reserve still lives strong in these prosperous and historical counties.

(5) The heritage of the Western Reserve remains transfixed in the counties of Trumbull, Mahoning, Ashtabula, Portage, Geauga, Lake, Cuyahoga, Summit, Medina, Huron, Lorain, Erie, Ottawa, and Ashland in Ohio. The people of these counties are proud of their heritage as shown through the unwavering attempts to preserve agricultural land and the industrial foundation that has been embedded in this region since the

establishment of the Western Reserve. Throughout these counties, historical sites, and markers preserve the unique traditions and customs of its original heritage.

(6) The counties that encompass the Western Reserve continue to maintain a strong connection to its historic past as seen through its preservation of its local heritage, including historic homes, buildings, and centers of public gatherings.

(7) There is a need for assistance for the preservation and promotion of the significance of the Western Reserve as the natural, historic and cultural heritage of the counties of Trumbull, Mahoning, Ashtabula, Portage, Geagua, Lake, Cuyahoga, Summit, Medina, Huron, Lorain, Erie, Ottawa and Ashland in Ohio.

(8) The Department of the Interior is responsible for protecting the Nation's cultural and historical resources. There are significant examples of such resources within these counties and what was once the Western Reserve to merit the involvement of the Federal Government in the development of programs and projects, in cooperation with the State of Ohio and other local governmental entities, to adequately conserve, protect, and interpret this heritage for future generations, while providing opportunities for education and revitalization.

(b) STUDY.—

(1) IN GENERAL.—The Secretary, acting through the National Park Service Rivers, Trails, and Conservation Assistance Program, Midwest Region, and in consultation with the State of Ohio, the counties of Trumbull, Mahoning, Ashtabula, Portage, Geagua, Lake, Cuyahoga, Summit, Medina, Huron, Lorain, Erie, Ottawa, and Ashland, and other appropriate organizations, shall carry out a study regarding the suitability and feasibility of establishing the Western Reserve Heritage Area in these counties in Ohio.

(2) CONTENTS.—The study shall include analysis and documentation regarding whether the Study Area—

(A) has an assemblage of natural, historic, and cultural resources that together represent distinctive aspects of American heritage worthy of recognition, conservation, interpretation, and continuing use, and are best managed through partnerships among public and private entities and by combining diverse and sometimes noncontiguous resources and active communities;

(B) reflects traditions, customs, beliefs, and folklife that are a valuable part of the national story;

(C) provides outstanding opportunities to conserve natural, historic, cultural, or scenic features;

(D) provides outstanding recreational and educational opportunities;

(E) contains resources important to the identified theme or themes of the Study Area that retain a degree of integrity capable of supporting interpretation;

Oct. 17, 2006

[H.R. 5122]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

John Warner  
National Defense  
Authorization  
Act for Fiscal  
Year 2007.

**SECTION 1. SHORT TITLE; FINDINGS.**

(a) **SHORT TITLE.**—This Act may be cited as the “John Warner National Defense Authorization Act for Fiscal Year 2007”.

(b) **FINDINGS.**—Congress makes the following findings:

(1) Senator John Warner of Virginia was elected a member of the United States Senate on November 7, 1978, for a full term beginning on January 3, 1979. He was subsequently appointed by the Governor of Virginia to fill a vacancy on January 2, 1979, and has served continuously since that date. He was appointed a member of the Committee on Armed Services in January 1979, and has served continuously on the Committee since that date, a period of nearly 28 years. Senator Warner’s service on the Committee represents nearly half of its existence since it was established after World War II.

(2) Senator Warner came to the Senate and the Committee on Armed Services after a distinguished record of service to the Nation, including combat service in the Armed Forces and high civilian office.

(3) Senator Warner enlisted in the United States Navy upon graduation from high school in 1945, and served until the summer of 1946, when he was discharged as a Petty Officer 3rd Class. He then attended Washington and Lee University on the G.I. Bill. He graduated in 1949 and entered the University of Virginia Law School.

(4) Upon the outbreak of the Korean War in 1950, Senator Warner volunteered for active duty, interrupting his education to accept a commission in the United States Marine Corps. He served in combat in Korea as a ground officer in the First Marine Air Wing. Following his active service, he remained in the Marine Corps Reserve for several years, attaining the rank of captain.

(5) Senator Warner resumed his legal education upon returning from the Korean War and graduated from the University of Virginia Law School in 1953. He was selected by the late Chief Judge E. Barrett Prettyman of the United States Court of Appeals for the District of Columbia Circuit as his law clerk. After his service to Judge Prettyman, Senator Warner

became an Assistant United States Attorney in the District of Columbia, and later entered private law practice.

(6) In 1969, the Senate gave its advice and consent to the appointment of Senator Warner as Under Secretary of the Navy. He served in this position until 1972, when he was confirmed and appointed as the 61st Secretary of the Navy since the office was established in 1798. As Secretary, Senator Warner was the principal United States negotiator and signatory of the Incidents at Sea Executive Agreement with the Soviet Union, which was signed in 1972 and remains in effect today. It has served as the model for similar agreements between states covering the operation of naval ships and aircraft in international sea lanes throughout the world.

(7) Senator Warner left the Department of the Navy in 1974. His next public service was as Administrator of the American Revolution Bicentennial Commission. In this capacity, he coordinated the celebration of the Nation's founding, directing the Federal role in all 50 States and in over 20 foreign nations.

(8) Senator Warner has served as chairman of the Committee on Armed Services of the United States Senate from 1999 to 2001, and again since January 2003. He served as ranking minority member of the committee from 1987 to 1993, and again from 2001 to 2003. Senator Warner concludes his service as chairman at the end of the 109th Congress, but will remain a member of the committee.

(9) This Act is the twenty-eighth annual authorization Act for the Department of Defense for which Senator Warner has taken a major responsibility as a member of the Committee on Armed Services of the United States Senate, and the fourteenth for which he has exercised a leadership role as chairman or ranking minority member of the committee.

(10) Senator Warner, as seaman, Marine officer, Under Secretary and Secretary of the Navy, and member, ranking minority member, and chairman of the Committee on Armed Services of the United States Senate, has made unique and lasting contributions to the national security of the United States.

(11) It is altogether fitting and proper that this Act, the last annual authorization Act for the national defense managed by Senator Warner in and for the United States Senate as chairman of the Committee on Armed Services, be named in his honor, as provided in subsection (a).

Proclamation 7984 of February 27, 2006

The President

## Establishment of the African Burial Ground National Monument

By the President of the United States of America

### A Proclamation

In Lower Manhattan, at the corners of Duane and Elk Streets, lies an undeveloped parcel of approximately 15,000 square feet that constitutes a remaining portion of New York City's early African Burial Ground. The site is part of an approximately 7-acre National Historic Landmark established on April 19, 1993. From the 1690s to the 1790s, the African Burial Ground served as the final resting place of enslaved and free Africans in New York City, New York. It contains the remains of those interred, as well as the archeological resources and artifacts associated with their burials. Prior to the date of this proclamation, the site was administered by the General Services Administration (GSA), and it will be the location of a memorial, to be constructed soon according to a design selected on April 29, 2005, through a competition conducted by the GSA with the participation of the National Park Service (NPS) and other interested parties.

Whereas the African Burial Ground National Monument will promote understanding of related resources, encourage continuing research, and present interpretive opportunities and programs for visitors to better understand and honor the culture and vital contributions of generations of Africans and Americans of African descent to our Nation;

Whereas section 2 of the Act of June 8, 1906 (34 Stat. 225, 16 U.S.C. 431) (the "Antiquities Act") authorizes the President, in his discretion, to declare by public proclamation historic landmarks, historic and prehistoric structures, and other objects of historic or scientific interest that are situated upon lands owned or controlled by the Government of the United States to be national monuments, and to reserve as a part thereof parcels of land, the limits of which in all cases shall be confined to the smallest area compatible with the proper care and management of the objects to be protected;

Whereas it would be in the public interest to preserve the portion of the African Burial Ground at the corner of Duane and Elk Streets in New York City, and certain lands as necessary for the care and management of the historic and scientific objects therein, as the African Burial Ground National Monument;

NOW, THEREFORE, I, GEORGE W. BUSH, President of the United States of America, by the authority vested in me by section 2 of the Act of June 8, 1906 (34 Stat. 225, 16 U.S.C. 431), do proclaim that there are hereby set apart and reserved as the African Burial Ground National Monument for the purpose of protecting the objects described above, all lands and interests in lands owned or controlled by the Government of the United States with the boundaries described on the accompanying land description, which is attached and forms a part of this proclamation. The Federal land and interests in land reserved consist of approximately 15,000 square feet which is the smallest area compatible with the proper care and management of the objects to be protected.

All Federal lands and interests of lands within the boundaries of this monument are hereby appropriated and withdrawn from all forms of entry, location, selection, sale, or leasing or other disposition under the public land laws, including, but not limited to, withdrawal from location, entry, and patent under mining laws, and from disposition under all laws relating to mineral and geothermal leasing.

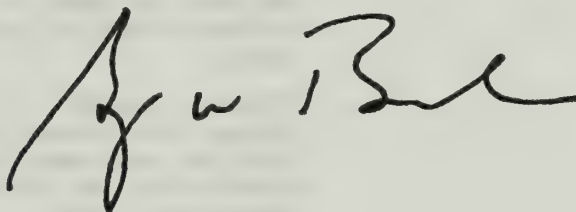

The Secretary of the Interior (Secretary), acting through the NPS, shall administer the national monument consistent with the purposes and provisions of this proclamation and applicable laws and regulations governing management of units of the national park system. For the purposes of preserving, interpreting, and enhancing public understanding and appreciation of the national monument and its meaning to society, the Secretary, acting through the NPS, shall develop an interagency agreement with the Administrator of General Services and, within 3 years of the date of this proclamation, prepare a management plan for the national monument. The management plan shall, among other provisions, set forth the desired relationship of the national monument to other related resources, programs, and organizations in New York City and other locations, provide for maximum public involvement in its development, and identify steps to be taken to provide interpretive opportunities for the entirety of the National Historic Landmark and related sites in New York City. Further, to the extent authorized by law, the Secretary, acting through the NPS, shall promulgate any additional regulations needed for the proper care and management of the objects identified above.

The establishment of this monument is subject to valid existing rights.

Nothing in this proclamation shall be deemed to revoke any existing withdrawal, reservation, or appropriation; however, the national monument shall be the dominant reservation.

Warning is hereby given to all unauthorized persons not to appropriate, injure, destroy, or remove any feature of this monument and not to locate or settle upon any lands thereof.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-seventh day of February, in the year of our Lord two thousand six, and of the Independence of the United States of America the two hundred and thirtieth.

A handwritten signature in dark ink, appearing to read "G W Bush", is written in a cursive style.

Proclamation 8031 of June 15, 2006

The President

## Establishment of the Northwestern Hawaiian Islands Marine National Monument

By the President of the United States of America

### A Proclamation

In the Pacific Ocean northwest of the principal islands of Hawaii lies an approximately 1,200 nautical mile stretch of coral islands, seamounts, banks, and shoals. The area, including the Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve, the Midway National Wildlife Refuge, the Hawaiian Islands National Wildlife Refuge, and the Battle of Midway National Memorial, supports a dynamic reef ecosystem with more than 7,000 marine species, of which approximately half are unique to the Hawaiian Island chain. This diverse ecosystem is home to many species of coral, fish, birds, marine mammals, and other flora and fauna including the endangered Hawaiian monk seal, the threatened green sea turtle, and the endangered leatherback and hawksbill sea turtles. In addition, this area has great cultural significance to Native Hawaiians and a connection to early Polynesian culture worthy of protection and understanding.

WHEREAS Executive Order 13089 of June 11, 1998, Executive Order 13178 of December 4, 2000, and Executive Order 13196 of January 18, 2001, as well as the process for designation of a National Marine Sanctuary undertaken by the Secretary of Commerce, have identified objects of historic or scientific interest that are situated upon the lands owned or controlled by the Government of the United States in the area of the Northwestern Hawaiian Islands;

WHEREAS section 2 of the Act of June 8, 1906 (34 Stat. 225, 16 U.S.C. 431) (the "Antiquities Act") authorizes the President, in his discretion, to declare by public proclamation historic landmarks, historic and prehistoric structures, and other objects of historic or scientific interest that are situated upon lands owned or controlled by the Government of the United States to be national monuments, and to reserve as a part thereof parcels of land, the limits of which in all cases shall be confined to the smallest area compatible with the proper care and management of the objects to be protected;

WHEREAS it would be in the public interest to preserve the marine area of the Northwestern Hawaiian Islands and certain lands as necessary for the care and management of the historic and scientific objects therein,

NOW, THEREFORE, I, GEORGE W. BUSH, President of the United States of America, by the authority vested in me by section 2 of the Act of June 8, 1906 (34 Stat. 225, 16 U.S.C. 431), do proclaim that there are hereby set apart and reserved as the Northwestern Hawaiian Islands Marine National Monument (the "monument" or "national monument") for the purpose of protecting the objects described above, all lands and interests in lands owned or controlled by the Government of the United States within the boundaries described on the accompanying map entitled "Northwestern Hawaiian Islands Marine National Monument" attached to and forming a part of this proclamation. The Federal land and interests in land reserved includes approximately 139,793 square miles of emergent and submerged lands and waters of the Northwestern Hawaiian Islands, which is the smallest

area compatible with the proper care and management of the objects to be protected.

All Federal lands and interests in lands within the boundaries of this monument are hereby appropriated and withdrawn from all forms of entry, location, selection, sale, or leasing or other disposition under the public land laws, including, but not limited to, withdrawal from location, entry, and patent under mining laws, and from disposition under all laws relating to mineral and geothermal leasing.

The Secretary of Commerce, through the National Oceanic and Atmospheric Administration (NOAA), will have primary responsibility regarding management of the marine areas, in consultation with the Secretary of the Interior. The Secretary of the Interior, through the Fish and Wildlife Service (FWS), will have sole responsibility for management of the areas of the monument that overlay the Midway Atoll National Wildlife Refuge, the Battle of Midway National Memorial, and the Hawaiian Islands National Wildlife Refuge, in consultation with the Secretary of Commerce.

The Secretary of Commerce and the Secretary of the Interior (collectively, the "Secretaries") shall review and, as appropriate, modify the interagency agreement developed for coordinated management of the Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve, signed on May 19, 2006. To manage the monument, the Secretary of Commerce, in consultation with the Secretary of the Interior and the State of Hawaii, shall modify, as appropriate, the plan developed by NOAA's National Marine Sanctuary Program through the public sanctuary designation process, and will provide for public review of that plan. To the extent authorized by law, the Secretaries, acting through the FWS and NOAA, shall promulgate any additional regulations needed for the proper care and management of the objects identified above.

The Secretary of State, in consultation with the Secretaries, shall take appropriate action to enter into negotiations with other governments to make necessary arrangements for the protection of the monument and to promote the purposes for which the monument is established. The Secretary of State, in consultation with the Secretaries, shall seek the cooperation of other governments and international organizations in furtherance of the purposes of this proclamation and consistent with applicable regional and multilateral arrangements for the protection and management of special marine areas. Furthermore, this proclamation shall be applied in accordance with international law. No restrictions shall apply to or be enforced against a person who is not a citizen, national, or resident alien of the United States (including foreign flag vessels) unless in accordance with international law.

Nothing in this proclamation shall be deemed to diminish or enlarge the jurisdiction of the State of Hawaii.

The establishment of this monument is subject to valid existing rights and use of the monument shall be administered as follows:

#### **Access to the Monument**

The Secretaries shall prohibit entering the monument except pursuant to permission granted by the Secretaries or their designees. Any person passing through the monument without interruption must notify an official designated by the Secretaries at least 72 hours, but no longer than 1 month, prior to the entry date. Notification of departure from the monument must be provided within 12 hours of leaving. A person providing notice must provide the following information, as applicable: (i) position when making report; (ii) vessel name and International Maritime Organization identification number; (iii) name, address, and telephone number of owner and operator; (iv) United States Coast Guard (USCG) documentation, State license, or registration number; (v) home port; (vi) intended and actual route through the monument; (vii) general categories of any hazardous cargo on board; and (viii) length of vessel and propulsion type (e.g., motor or sail).

#### **Vessel Monitoring Systems**

1. As soon as possible but not later than 30 days following the issuance of this proclamation, NOAA shall publish in the **Federal Register** a list of approved transmitting units and associated communications service providers for purposes of this proclamation. An owner or operator of a vessel that has been issued a permit for accessing the monument must ensure that such a vessel has an operating vessel monitoring system (VMS) on board, approved by the Office of Legal Enforcement in the National Oceanic and Atmospheric Administration in the Department of Commerce (OLE) when voyaging within the monument. An operating VMS includes an operating mobile transmitting unit on the vessel and a functioning communication link between the unit and OLE as provided by an OLE-approved communication service provider.
2. Only a VMS that has been approved by OLE may be used. When installing and activating the OLE-approved VMS, or when reinstalling and reactivating such VMS, the vessel owner or operator must:
  - a. Follow procedures indicated on an installation and activation checklist, which is available from OLE; and
  - b. Submit to OLE a statement certifying compliance with the checklist, as prescribed on the checklist.
3. No person may interfere with, tamper with, alter, damage, disable, or impede the operation of the VMS, or attempt any of the same.
4. When a vessel's VMS is not operating properly, the owner or operator must immediately contact OLE, and follow instructions from that office. If notified by OLE that a vessel's VMS is not operating properly, the owner and operator must follow instructions from that office. In either event, such instructions may include, but are not limited to, manually communicating to a location designated by OLE the vessel's positions or returning to port until the VMS is operable.
5. As a condition of authorized access to the monument, a vessel owner or operator subject to the requirements for a VMS in this section must allow OLE, the USCG, and their authorized officers and designees access to the vessels position data obtained from the VMS. Consistent with applicable law, including the limitations on access to, and use, of VMS data collected under the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), the Secretaries may have access to, and use of, collected data for scientific, statistical, and management purposes.
6. OLE has authority over the installation and operation of the VMS unit. OLE may authorize the connection or order the disconnection of additional equipment, including a computer, to any VMS unit, when deemed appropriate by OLE.
7. The Secretaries shall prohibit any person from conducting or causing to be conducted:
  - a. Operating any vessel without an approved transmitting device within the monument area 45 days after the publication of the list of approved transmitting devices described in paragraph (1) above;
  - b. Failing to install, activate, repair, or replace a mobile transceiver unit prior to leaving port;
  - c. Failing to operate and maintain a mobile transceiver unit on board the vessel at all times;
  - d. Tampering with, damaging, destroying, altering, or in any way distorting, rendering useless, inoperative, ineffective, or inaccurate the VMS, mobile transceiver unit, or VMS signal required to be installed on or transmitted by a vessel;
  - e. Failing to contact OLE or follow OLE instructions when automatic position reporting has been interrupted;
  - f. Registering a VMS or mobile transceiver unit registered to more than one vessel at the same time;

- g. Connecting or leaving connected additional equipment to a VMS unit or mobile transceiver unit without the prior approval of OLE;
- h. Making a false statement, oral or written, to an authorized officer regarding the installation, use, operation, or maintenance of a VMS unit or mobile transceiver unit or communication service provider.

3. All activities and exercises of the Armed Forces shall be carried out in a manner that avoids, to the extent practicable and consistent with operational requirements, adverse impacts on monument resources and qualities.
4. In the event of threatened or actual destruction of, loss of, or injury to a monument resource or quality resulting from an incident, including but not limited to spills and groundings, caused by a component of the Department of Defense or the USCG, the cognizant component shall promptly coordinate with the Secretaries for the purpose of taking appropriate actions to respond to and mitigate the harm and, if possible, restore or replace the monument resource or quality.

#### **Commercial Fishing**

1. The Secretaries shall ensure that any commercial lobster fishing permit shall be subject to a zero annual harvest limit.
2. Fishing for bottomfish and pelagic species. The Secretaries shall ensure that:
  - a. Commercial fishing for bottomfish and associated pelagic species may continue within the monument for not longer than 5 years from the date of this proclamation provided that:
    - (i) The fishing is conducted in accordance with a valid commercial bottomfish permit issued by NOAA; and
    - (ii) Such permit is in effect on the date of this proclamation and is subsequently renewed pursuant to NOAA regulations at 50 CFR part 660 subpart E as necessary.
  - b. Total landings for each fishing year may not exceed the following amounts:

The Secretaries shall ensure that any commercial fishing within the monument is conducted in accordance with the following restrictions and conditions:

1. A valid permit or facsimile of a valid permit is on board the fishing vessel and is available for inspection by an authorized officer;
2. No attempt is made to falsify or fail to make, keep, maintain, or submit any logbook or logbook form or other required record or report;
3. Only gear specifically authorized by the relevant permit issued under the Magnuson-Stevens Fishery Conservation and Management Act is allowed to be in the possession of a person conducting commercial fishing under this section;
4. Any person conducting commercial fishing notifies the Secretaries by telephone, facsimile, or electronic mail at least 72 hours before entering the monument and within 12 hours after leaving the monument;
5. All fishing vessels must carry an activated and functioning VMS unit on board at all times whenever the vessel is in the monument;
6. All fishing vessels must carry an observer when requested to do so by the Secretaries; and

7. The activity does not take place within any Ecological Reserve, any Special Preservation Area, or the Midway Atoll Special Management Area.

#### **Permitting Procedures and Criteria**

Subject to such terms and conditions as the Secretaries deem appropriate, a person may conduct an activity regulated by this proclamation if such activity is specifically authorized by a permit. The Secretaries, in their discretion, may issue a permit under this proclamation if the Secretaries find that the activity: (i) is research designed to further understanding of monument resources and qualities; (ii) will further the educational value of the monument; (iii) will assist in the conservation and management of the monument; (iv) will allow Native Hawaiian practices; (v) will allow a special ocean use; or (vi) will allow recreational activities.

#### **Findings**

1. The Secretaries may not issue any permit unless the Secretaries find:
  - a. The activity can be conducted with adequate safeguards for the resources and ecological integrity of the monument;
  - b. The activity will be conducted in a manner compatible with the management direction of this proclamation, considering the extent to which the conduct of the activity may diminish or enhance monument resources, qualities, and ecological integrity, any indirect, secondary, or cumulative effects of the activity, and the duration of such effects;
  - c. There is no practicable alternative to conducting the activity within the monument;
  - d. The end value of the activity outweighs its adverse impacts on monument resources, qualities, and ecological integrity;
  - e. The duration of the activity is no longer than necessary to achieve its stated purpose;
  - f. The applicant is qualified to conduct and complete the activity and mitigate any potential impacts resulting from its conduct;
  - g. The applicant has adequate financial resources available to conduct and complete the activity and mitigate any potential impacts resulting from its conduct;
  - h. The methods and procedures proposed by the applicant are appropriate to achieve the proposed activity's goals in relation to their impacts to monument resources, qualities, and ecological integrity;
  - i. The applicant's vessel has been outfitted with a mobile transceiver unit approved by OLE and complies with the requirements of this proclamation; and
  - j. There are no other factors that would make the issuance of a permit for the activity inappropriate.
2. *Additional Findings for Native Hawaiian Practice Permits.* In addition to the findings listed above, the Secretaries shall not issue a permit to allow Native Hawaiian practices unless the Secretaries find:
  - a. The activity is non-commercial and will not involve the sale of any organism or material collected;
  - b. The purpose and intent of the activity are appropriate and deemed necessary by traditional standards in the Native Hawaiian culture (pono), and demonstrate an understanding of, and background in, the traditional practice, and its associated values and protocols;
  - c. The activity benefits the resources of the Northwestern Hawaiian Islands and the Native Hawaiian community;
  - d. The activity supports or advances the perpetuation of traditional knowledge and ancestral connections of Native Hawaiians to the Northwestern Hawaiian Islands; and

e. Any monument resource harvested from the monument will be consumed in the monument.

3. *Additional Findings, Criteria, and Requirements for Special Ocean Use Permits*

a. In addition to the findings listed above, the following requirements apply to the issuance of a permit for a special ocean use:

(i) Any permit for a special ocean use issued under this section:

(A) Shall authorize the conduct of an activity only if that activity is compatible with the purposes for which the monument is designated and with protection of monument resources;

(B) Shall not authorize the conduct of any activity for a period of more than 5 years unless renewed by the Secretaries;

(C) Shall require that activities carried out under the permit be conducted in a manner that does not destroy, cause the loss of, or injure monument resources; and

(D) Shall require the permittee to purchase and maintain comprehensive general liability insurance, or post an equivalent bond, against claims arising out of activities conducted under the permit and to agree to hold the United States harmless against such claims; and

(ii) Each person issued a permit for a special ocean use under this section shall submit an annual report to the Secretaries not later than December 31 of each year that describes activities conducted under that permit and revenues derived from such activities during the year.

b. The Secretaries may not issue a permit for a special ocean use unless they determine that the proposed activity will be consistent with the findings listed above for the issuance of any permit.

c. Categories of special ocean use being permitted for the first time under this section will be restricted in duration and permitted as a special ocean use pilot project. Subsequent permits for any category of special ocean use may be issued only if a special ocean use pilot project for that category has been determined by the Secretaries to meet the criteria in this proclamation and any terms and conditions placed on the permit for the pilot project.

d. The Secretaries shall provide public notice prior to requiring a special ocean use permit for any category of activity not previously identified as a special ocean use.

e. The following requirements apply to permits for a special ocean use for an activity within the Midway Atoll Special Management Area.

(i) The Secretaries may issue a permit for a special ocean use for activities within the Midway Atoll Special Management Area provided:

(A) The Secretaries find the activity furthers the conservation and management of the monument; and

(B) The Director of the United States Fish and Wildlife Service or his or her designee has determined that the activity is compatible with the purposes for which the Midway Atoll National Wildlife Refuge was designated.

(ii) As part of a permit, the Secretaries may allow vessels to transit the monument as necessary to enter the Midway Atoll Special Management Area.

f. The Secretaries may issue a permit for a special ocean use for activities outside the Midway Atoll Special Management Area provided:

(i) The Secretaries find the activity will directly benefit the conservation and management of the monument;

(ii) The Secretaries determine the purpose of the activity is for research or education related to the resources or qualities of the monument;

The Secretaries may permit sustenance fishing outside of any Special Preservation Area as a term or condition of any permit issued under this proclamation. The Secretaries may not permit sustenance fishing in the Midway Atoll Special Management Area unless the activity has been determined by the Director of the United States Fish and Wildlife Service or his or her designee to be compatible with the purposes for which the Midway Atoll National Wildlife Refuge was established. Sustenance fishing must be conducted in a manner compatible with this proclamation, including considering the extent to which the conduct of the activity may diminish monument resources, qualities, and ecological integrity, as well as any indirect, secondary, or cumulative effects of the activity and the duration of such effects. The Secretaries will develop procedures for systematic reporting of sustenance fishing.

**Definitions** For purposes of this proclamation:

*Attract or Attracting* means luring or attempting to lure a living resource by any means, except the mere presence of human beings (e.g., swimmers, divers, boaters).

2. Leaving a vessel at anchor when its condition creates potential for a grounding, discharge, or deposit and the owner/operator fails to secure the vessel in a timely manner.

*Ecological Reserve* means an area of the monument consisting of contiguous, diverse habitats that provide natural spawning, nursery, and permanent residence areas for the replenishment and genetic protection of marine life, and also to protect and preserve natural assemblages of habitats and species within areas representing a broad diversity of resources and habitats found within the monument.

*Pono* means appropriate, correct, and deemed necessary by traditional standards in the Hawaiian culture.

*Recreational Activity* means an activity conducted for personal enjoyment that does not result in the extraction of monument resources and that does not involve a fee-for-service transaction. This includes, but is not limited to, wildlife viewing, SCUBA diving, snorkeling, and boating.

*Special Preservation Area (SPA)* means discrete, biologically important areas of the monument within which uses are subject to conditions, restrictions, and prohibitions, including but not limited to access restrictions. *Vessel Monitoring System or VMS* means a vessel monitoring system or mobile transceiver unit approved by the Office for Law Enforcement for use on vessels permitted to access the monument, as required by this subpart.

Nothing in this proclamation shall be deemed to revoke any existing withdrawal, reservation, or appropriation; however, the national monument shall be the dominant reservation.

Warning is hereby given to all unauthorized persons not to appropriate, injure, destroy, or remove any feature of this monument and not to locate or settle upon any lands thereof.

IN WITNESS WHEREOF, I have hereunto set my hand this fifteenth day of June, in the year of our Lord two thousand six, and of the Independence of the United States of America the two hundred and thirtieth.

Title 3—

Executive Order 13392 of December 14, 2005

The President

## Improving Agency Disclosure of Information

By the authority vested in me as President by the Constitution and the laws of the United States of America, and to ensure appropriate agency disclosure of information, and consistent with the goals of section 552 of title 5, United States Code, it is hereby ordered as follows:

### Section 1. Policy.

(a) The effective functioning of our constitutional democracy depends upon the participation in public life of a citizenry that is well informed. For nearly four decades, the Freedom of Information Act (FOIA) has provided an important means through which the public can obtain information regarding the activities of Federal agencies. Under the FOIA, the public can obtain records from any Federal agency, subject to the exemptions enacted by the Congress to protect information that must be held in confidence for the Government to function effectively or for other purposes.

(b) FOIA requesters are seeking a service from the Federal Government and should be treated as such. Accordingly, in responding to a FOIA request, agencies shall respond courteously and appropriately. Moreover, agencies shall provide FOIA requesters, and the public in general, with citizen-centered ways to learn about the FOIA process, about agency records that are publicly available (e.g., on the agency's website), and about the status of a person's FOIA request and appropriate information about the agency's response.

(c) Agency FOIA operations shall be both results-oriented and produce results. Accordingly, agencies shall process requests under the FOIA in an efficient and appropriate manner and achieve tangible, measurable improvements in FOIA processing. When an agency's FOIA program does not produce such results, it should be reformed, consistent with available resources appropriated by the Congress and applicable law, to increase efficiency and better reflect the policy goals and objectives of this order.

(d) A citizen-centered and results-oriented approach will improve service and performance, thereby strengthening compliance with the FOIA, and will help avoid disputes and related litigation.

### Sec. 2. Agency Chief FOIA Officers.

(a) *Designation.* The head of each agency shall designate within 30 days of the date of this order a senior official of such agency (at the Assistant Secretary or equivalent level), to serve as the Chief FOIA Officer of that agency. The head of the agency shall promptly notify the Director of the Office of Management and Budget (OMB Director) and the Attorney General of such designation and of any changes thereafter in such designation.

(b) *General Duties.* The Chief FOIA Officer of each agency shall, subject to the authority of the head of the agency:

(i) have agency-wide responsibility for efficient and appropriate compliance with the FOIA;

(ii) monitor FOIA implementation throughout the agency, including through the use of meetings with the public to the extent deemed appropriate by the agency's Chief FOIA Officer, and keep the head of the agency, the chief legal officer of the agency, and the Attorney General appropriately informed of the agency's performance in implementing the FOIA, including the extent to which the agency meets the milestones

in the agency's plan under section 3(b) of this order and training and reporting standards established consistent with applicable law and this order;

(iii) recommend to the head of the agency such adjustments to agency practices, policies, personnel, and funding as may be necessary to carry out the policy set forth in section 1 of this order;

(iv) review and report, through the head of the agency, at such times and in such formats as the Attorney General may direct, on the agency's performance in implementing the FOIA; and

(v) facilitate public understanding of the purposes of the FOIA's statutory exemptions by including concise descriptions of the exemptions in both the agency's FOIA handbook issued under section 552(g) of title 5, United States Code, and the agency's annual FOIA report, and by providing an overview, where appropriate, of certain general categories of agency records to which those exemptions apply.

(c) *FOIA Requester Service Center and FOIA Public Liaisons.* In order to ensure appropriate communication with FOIA requesters:

(i) Each agency shall establish one or more FOIA Requester Service Centers (Center), as appropriate, which shall serve as the first place that a FOIA requester can contact to seek information concerning the status of the person's FOIA request and appropriate information about the agency's FOIA response. The Center shall include appropriate staff to receive and respond to inquiries from FOIA requesters;

(ii) The agency Chief FOIA Officer shall designate one or more agency officials, as appropriate, as FOIA Public Liaisons, who may serve in the Center or who may serve in a separate office. FOIA Public Liaisons shall serve as supervisory officials to whom a FOIA requester can raise concerns about the service the FOIA requester has received from the Center, following an initial response from the Center staff. FOIA Public Liaisons shall seek to ensure a service-oriented response to FOIA requests and FOIA-related inquiries. For example, the FOIA Public Liaison shall assist, as appropriate, in reducing delays, increasing transparency and understanding of the status of requests, and resolving disputes. FOIA Public Liaisons shall report to the agency Chief FOIA Officer on their activities and shall perform their duties consistent with applicable law and agency regulations;

(iii) In addition to the services to FOIA requesters provided by the Center and FOIA Public Liaisons, the agency Chief FOIA Officer shall also consider what other FOIA-related assistance to the public should appropriately be provided by the agency;

(iv) In establishing the Centers and designating FOIA Public Liaisons, the agency shall use, as appropriate, existing agency staff and resources. A Center shall have appropriate staff to receive and respond to inquiries from FOIA requesters;

(v) As determined by the agency Chief FOIA Officer, in consultation with the FOIA Public Liaisons, each agency shall post appropriate information about its Center or Centers on the agency's website, including contact information for its FOIA Public Liaisons. In the case of an agency without a website, the agency shall publish the information on the Firstgov.gov website or, in the case of any agency with neither a website nor the capability to post on the Firstgov.gov website, in the **Federal Register**; and

(vi) The agency Chief FOIA Officer shall ensure that the agency has in place a method (or methods), including through the use of the Center, to receive and respond promptly and appropriately to inquiries from FOIA requesters about the status of their requests. The Chief FOIA Officer shall

also consider, in consultation with the FOIA Public Liaisons, as appropriate, whether the agency's implementation of other means (such as tracking numbers for requests, or an agency telephone or Internet hotline) would be appropriate for responding to status inquiries.

**Sec. 3. Review, Plan, and Report.**

(a) *Review.* Each agency's Chief FOIA Officer shall conduct a review of the agency's FOIA operations to determine whether agency practices are consistent with the policies set forth in section 1 of this order. In conducting this review, the Chief FOIA Officer shall:

(i) evaluate, with reference to numerical and statistical benchmarks where appropriate, the agency's administration of the FOIA, including the agency's expenditure of resources on FOIA compliance and the extent to which, if any, requests for records have not been responded to within the statutory time limit (backlog);

(ii) review the processes and practices by which the agency assists and informs the public regarding the FOIA process;

(iii) examine the agency's:

(A) use of information technology in responding to FOIA requests, including without limitation the tracking of FOIA requests and communication with requesters;

(B) practices with respect to requests for expedited processing; and

(C) implementation of multi-track processing if used by such agency;

(iv) review the agency's policies and practices relating to the availability of public information through websites and other means, including the use of websites to make available the records described in section 552(a)(2) of title 5, United States Code; and

(v) identify ways to eliminate or reduce its FOIA backlog, consistent with available resources and taking into consideration the volume and complexity of the FOIA requests pending with the agency.

**(b) Plan.**

(i) Each agency's Chief FOIA Officer shall develop, in consultation as appropriate with the staff of the agency (including the FOIA Public Liaisons), the Attorney General, and the OMB Director, an agency-specific plan to ensure that the agency's administration of the FOIA is in accordance with applicable law and the policies set forth in section 1 of this order. The plan, which shall be submitted to the head of the agency for approval, shall address the agency's implementation of the FOIA during fiscal years 2006 and 2007.

(ii) The plan shall include specific activities that the agency will implement to eliminate or reduce the agency's FOIA backlog, including (as applicable) changes that will make the processing of FOIA requests more streamlined and effective, as well as increased reliance on the dissemination of records that can be made available to the public through a website or other means that do not require the public to make a request for the records under the FOIA.

(iii) The plan shall also include activities to increase public awareness of FOIA processing, including as appropriate, expanded use of the agency's Center and its FOIA Public Liaisons.

(iv) The plan shall also include, taking appropriate account of the resources available to the agency and the mission of the agency, concrete milestones, with specific timetables and outcomes to be achieved, by which the head of the agency, after consultation with the OMB Director, shall measure and evaluate the agency's success in the implementation of the plan.

**(c) Agency Reports to the Attorney General and OMB Director.**

(i) The head of each agency shall submit a report, no later than 6 months from the date of this order, to the Attorney General and the OMB Director that summarizes the results of the review under section 3(a) of this order and encloses a copy of the agency's plan under section 3(b) of this order.

The agency shall publish a copy of the agency's report on the agency's website or, in the case of an agency without a website, on the Firstgov.gov website, or, in the case of any agency with neither a website nor the capability to publish on the Firstgov.gov website, in the **Federal Register**.

(ii) The head of each agency shall include in the agency's annual FOIA reports for fiscal years 2006 and 2007 a report on the agency's development and implementation of its plan under section 3(b) of this order and on the agency's performance in meeting the milestones set forth in that plan, consistent with any related guidelines the Attorney General may issue under section 552(e) of title 5, United States Code.

(iii) If the agency does not meet a milestone in its plan, the head of the agency shall:

- (A) identify this deficiency in the annual FOIA report to the Attorney General;
- (B) explain in the annual report the reasons for the agency's failure to meet the milestone;
- (C) outline in the annual report the steps that the agency has already taken, and will be taking, to address the deficiency; and
- (D) report this deficiency to the President's Management Council.

#### **Sec. 4. Attorney General.**
